Every Saturday

Suitable for SEN young people with Autism/SLD/MLD, this fully inclusive musical experience brings together many different styles of music from Rock to Samba, Hip Hop and the spoken word. Each session will include playing a variety of instruments e.g. drums, keyboards, guitars and percussion. Technology such as Ableton Push and Soundbeam will also be used to enhance the pieces of music that the young people create. No experience needed, just come along and enjoy making music with others.
