

ARE YOU 8-18? MAKE A DIFFERENCE IN HEALTH RESEARCH

Our new young persons advisory group means you can...

- Influence health research in Leicester
- Meet researchers, doctors and other health professionals
- Learn how we carry out research in hospitals
- Take part in designing real research projects
- Get involved in hands-on science activities
- Take the first steps in a science, medicine or health career And boost your CV

Sessions will be held once every 2 months, with refreshments provided. Got a parent in tow?! We've got activities for them to take part in at the same time!
