

HOW CAN WE IMPROVE AIR QUALITY AT OUR SCHOOL?

- 1. Walk, cycle or scoot to school**
- 2. Start a walking bus**
- 3. Car share to school with someone you know well**
- 4. Play streets one afternoon a week**
- 5. Park and stride**
- 6. Choose a route to school that avoids busy roads**
- 7. Tell parents to switch their engines off outside of the school gates**
- 8. Use the bus to get to school if you live far away**
- 9. Switch lights, computers and white boards off when leaving the classroom**
- 10. Plant more trees, shrubs and plants around the school grounds**
- 11. Create a green roof, green screen or green gateway**
- 12. Try not to use as much single use plastic**
- 13. Make our school visible**
- 14. Encourage recycling**
- 15. More bike and scooter parking.**
