Support is also provided to those with SEN without an EHCP for 12 months and then reviewed. These are bespoke allocations currently, looking to go to a banded system. Additional allocations where number of pupils with top ups exceeds 3% of NOR. The amount in excess of 3% is applied to the NOR and multiplied by £6,000. However, schools have to fund 1% of the excess and the amount actually paid out is rationised based on the size of the fund. The fund is only £400k in total.
