

FREE PROGRAM OF WORKSHOPS WITH LEICESTER MUSEUMS AND GRAFFWERK

Leicester Arts and Museums and Graffwerk have an exciting opportunity for young people aged 13-19 years who are currently excluded or at risk of exclusion from formal education

We are offering a programme of 10 workshops over five weeks on Tuesdays and Thursdays during the second half of the autumn term.

This program will start on 31st October - 30th November 2023.

The project aims to improve students' attitude and engagement with formal education and will support participants to achieve a Bronze Arts Award (GCSE level).

Each session will include different challenges, skills, and activities, all focusing on the outcomes of improved engagement at school.
